Red/Teal:

Note: These instructions are used to make either of the 2 color versions of the quilt and runner. Much of the information is the same for either color. Where there are differences, information for the Red/Green version is given first followed by information for the Red/Teal version in parentheses. Label all pieces with the letters given in the cutting list. These letters are used to identify the pieces throughout the instructions and apply to both color versions.

WOF = width of fabric from selvage to selvage.
